PRESIDENT'S MESSAGE

Our Culver City Historical Society is four years old, and showing continuing promise. I'm so glad to be a part of it, and want to thank the board and general membership for support these past two years. We marked two more sites, expanded our historic tours, gained space to house our growing collection of records and memorabilia, had a lot of fun and much more. I hope to see more of you involved in the future. It can only be a satisfying experience.
