Lecture and display in conjunction with Civil War customs. Also a fashion show. Mr. Samuel Zarcoff, the Civil War authority will be the guest speaker.

## HISTORICAL MARKING

Wednesday, January 26  
10:00 a.m.  
9543 Culver Blvd

Historical Marking Site #2. Short ceremony followed by coffee and light refreshments. The Hull building was built on this site in 1925. Dr. Hull having the interest of his profession at heart built the most modern medical offices and hospital possible for that time. Early in the 1930's, Mr. Louis Freeman acquired the building which served Culver City in its various uses, and to this date has retained its original character.

The third annual fund raiser held October 9, 1982 was a huge success; netting \$2,034.31 profit for the society. A very special thanks to Pat Clapp, our chairperson for the occasion.

We would like to express our appreciation and thanks to:  
Culver City Women's Club for their donation of books and memorabilia; also to the Bank of Orange County for their contribution of negatives and old pictures: All of these items will be retained and preserved by the Society for future Culver City Historical records.
